Easter Spirit Is Taken to Hospital

EASTER TREATS for patients in Fayette Memorial Hospital are examined by girls from the Jeff's 16 Girls 4-H club, who donated the goodies. Left to right, back row, are Rebecca Slaughter, Carolyn McClaskie, Betty Hunt, Carolyn Ritenour, Gayle Morrow, Jean Owens, Betty Jo Mitchell and Martha Ritenour. Front row, left to right, Mary Massie, Janet Mitchell, Julie Stuckey, Cheryl Warnock, Peggy Kelley, Jane Smith, Sharon Garringer and Judy Smith. Jane Kiehl, also a member of the group, couldn't make the trip.

Gaily colored hard-boiled eggs, decorated with bright construction paper and feathers—these will adorn the trays of patients at Fayette Memorial Hospital Easter Sunday morning, in order that those who have to stay in bed will have a happy Easter.

The eggs are the gift of the Jeff's 16 Girls 4-H club, who de-

cided that for their community service project this year, they would do what they could to make hospital life a little brighter this holiday Sunday morning.

Eggs—enough so that each of the more than 60 patients in the hospital may have one—were acquired and decorated by the girls. Bantam eggs were secured especially, so that the treats would not be too big.

A group of 16 girls, under the leadership of their adviser, Mrs. Reynolds Slaughter, Jr., brought

the treats to the hospital Thursday afternoon. Hospital officials took them into their care, so they'd be ready for the patients on the holiday morning.

Members of 4-H clubs regularly undertake projects of this sort in order to help be of constructive service to the community.

Working with Mrs. Slaughter on the delivery operation were two other mothers of group members, Mrs. John Ritenour and Mrs. Howard Keith.

Thousands In Old Holy City To Trek Way Of The Cross

JERUSALEM (AP)—Thousands of persons gathered today in the Old City of Jerusalem to retrace the Way of the Cross in the annual Good Friday pilgrimage.

The winding route of the massive procession follows the path from the place of Christ's trial to His tomb. It was another major event in the pre-Easter observance which began Palm Sunday.

Casting ominous overtones over the celebration were the Israeli-Arab tensions starkly represented by the division of this old holy city.

Guns along the frontier dividing the city between Israel and Jordan were still. But some Holy Week observances were curtailed, and residents of Arab Jerusalem complained that war jitters had kept visitors away. Hotel facilities were booked solid from Thursday through Easter Sunday in the Old City but the extra accommodations required in past years were not needed this Easter season.

The chief Easter sites are on the Arab side of the line dividing Jerusalem, but a ceremony commemorating the Last Supper had to stop short last night because of the division of the city.

Sgt. Paul Towson ordered the pair to empty their pockets. Results: two ears of corn (still in the husk); three oranges; a handful of string beans; 2½ wrinkled hot dogs; a half-loaf of stale bread and one brown banana.

Embarrassing Question About Stalin Regime

Part Of Blame For Brutality Put On New Leaders

VIENNA (AP)—The United States Information Agency is waging a pamphlet and leaflet campaign to fix partial guilt for the Stalin era purges on the Soviet Union's present leaders.

The agency has provided the U. S. embassies and information offices abroad with material for suggested leaflets titled "Some Honest Questions."

"The collective leadership of Stalin is outspoken nowadays in its bitter criticism of Stalin and the crime of the Stalin regime," the text begins. Then it adds:

"But where were the indignant voices of Khrushchev, Malenkov and Bulganin in those last three decades? Where were the outraged cries against the cold-blooded purges? Fair-minded people are asking these questions. They have a right to know. They have a right to look at the record."

OF SOVIET Communist party chief Nikita S. Khrushchev, the message says: "As first secretary of the Ukrainian Communist party Khrushchev, in his own words, directed a purge of the 'enemies of the people.' For his efforts Stalin awarded Khrushchev the order of a Red Banner of Labor."

Similar charges of complicity, or submissive silence, are made against Soviet Premier Nikolai Bulganin and former Premier Georgi Malenkov.

The British Embassy in Vienna also joined the campaign to brand the present rulers of the Soviet Union as slavish idolaters of Stalin during his life.

The embassy's press department mailed newspapers and news agencies a two-page list of quotations from these men, citing their lavish praise of the dead dictator they are now denouncing.

Khrushchev was cited as declaring at the 18th Soviet party congress in 1939: "Long live the foremost genius of mankind, the teacher and leader who leads communism to victory, our beloved Comrade Stalin."

Similar praises were cited from past speeches of Foreign Minister V. M. Molotov, First Deputy Premier Anastas Mikoyan and a long list of Red leaders in the other East bloc countries.

Anti-Communist Vienna newspapers today began publishing the quotations under taunting headlines.

Big Tanker Blows Up At Texas Port

BAYTOWN, Tex. (AP)—A spectacular explosion last night blasted a gaping hole in an oil tanker taking on kerosene at a dock. Orange flames roared 300 feet into the sky.

Two crewmen were sent to the hospital. Most of the ship's 42-man crew were on leave.

The explosion of the 10,000-ton tanker Esso Paterson rocked the oil and chemical city on the industry-lined Houston ship canal. It was held in suburban Houston 25 miles away.

The flames were extinguished in an hour, but in the meantime there was near panic here. Residents vividly remembered the ship explosion in nearby Texas City that killed 510 people in 1947.

The tanker was moored portside to the dock and the explosion occurred on the ship's starboard side. As a result, the force of the blast and the fire shot out over the water and away from inflammable dock installations.

The Esso Paterson was at a dock of the huge Humble Refinery. The blast ripped a hole 12 feet wide and 30 feet deep, extending from the water line to the deck. Humble officials declined to estimate the loss.

The cause of the blast was undetermined.

Pair Guilty In Case Of Child Bride

BUCYRUS, Ohio (AP)—An attorney for Mr. and Mrs. Carl Gans of Galion says he will appeal their conviction on charges of acting in a way to contribute to the delinquency of a minor.

A juvenile court jury Thursday returned a verdict of guilty in the case which rose out of the marriage of the couple's 11-year-old adopted daughter. The jury deliberated for one hour.

Mr. and Mrs. Gans face a maximum penalty of one year in jail or \$1,000 fine or both.

Juvenile Court Judge Don J. Young of Norwalk, hearing the case here on assignment, set no date for sentencing.

The Gans' adopted daughter, Karlene, 11, married Stanley Thorn, 19, of Galion last October in Morgantown, W. Va. She said she gave her age as 17 at the time.

Charges were filed against Mr. and Mrs. Gans last month when juvenile authorities learned of the girl's age from court records. Karlene was placed in custody of officials at the Crawford County Children's Home.

Thorn has a divorce suit pending against Karlene.

In testimony Thursday, Mr. and Mrs. Gans both denied that they had taken Karlene to Morgantown to marry Thorn. The couple said the purpose of the trip was to visit Thorn's parents and to attend a football game.

Karlene previously testified that she had discussed her wedding plans with Mr. and Mrs. Gans and that they agreed to take her and Thorn to Morgantown to investigate the possibility of marriage.

A physician, testifying for the defense, said Karlene had the physical and emotional development of a girl of 18.

Mama Gabor Says All 3 Daughters To Wed Again Soon

NEW YORK (AP)—Mrs. Jolie Gabor says all three of her glamorous daughters will marry again within three weeks.

The schedule, as announced by Mama Gabor:

Magda will marry Tony Galucci, wealthy New York City businessman, Easter Sunday.

Eva will marry Dr. John Williams, Beverly Hills, Calif., cancer specialist and surgeon, on Sunday, April 8.

Zsa Zsa will marry Hal Hayes, wealthy Los Angeles contractor, the next Sunday, April 15.

The marriages would be the third each for Magda and Eva and the fourth for Zsa Zsa.

Congress On Vacation; Lot Of Work Is Faced

WASHINGTON (AP)—Congress was off on a 10-day Easter holiday today. It had little major legislation to show for three months of sessions this year, but has plenty to do when it returns April 9.

Ahead are such potentially explosive election-year issues as farm, social security, foreign aid, education, highway, housing and possibly civil rights and tax reduction legislation.

This recess is the first and probably will be the last long holiday for the legislators, most of whom are anxious to get home early in the summer for political campaigning.

Most of the legislating since the session started Jan. 3 has taken place in the House. The Senate, while in session longer, has spent much of its time on a limited number of subjects.

It spent a month debating a bill to exempt natural gas producers from direct federal controls. Only to have the measure vetoed by President Eisenhower.

The Senate took the best part of another month debating the

farm bill. It passed a measure which a Senate-House committee is rewriting. There have been GOP predictions that it too will draw a veto.

The House had acted last year on both farm and natural gas legislation.

Another week of the Senate's time was consumed by discussion of proposed changes in the electoral college system, after which the whole issue was sent back to committee for more study.

The House, meanwhile, passed six annual appropriation bills, one of which has cleared the Senate, and an assortment of miscellaneous measures, some of which still require Senate action.

The official Congressional calendars list only two "major bills" as having cleared both the Senate and the House this year.

One would extend existing corporate and excise tax rates and the other would exempt farm-use vehicles from payment of federal gasoline and oil taxes.

Eisenhower signed the corporate and excise tax measure last night and is expected to approve the farm gasoline bill. He recommended both of them.

Other measures sent to Eisenhower during the year include the Upper Colorado River Water

Storage Act, a bill to extend the school milk program, several measures providing federal loans and credit to areas hit by disasters, a bill continuing the federal polio vaccination program, and a bill revising the formula for taxation of insurance companies.

Tentatively billed as the first major measure when Congress reconvenes is the controversial farm bill. The basic issue here is whether there shall be high rigid price supports for farm products, as favored by most Democrats and several Republicans, or flexible supports as advocated by the administration. Several other issues are likely to keep the farm fight flaring.

Man Loses Right To Drive For Life

Conrad also was sentenced to five days in jail and fined \$300 and costs.

I never did until Mrs. Ed Fite and Mrs. John C. Rhoads served the combination in Fellowship Hall at Grace Methodist Church at the conclusion of a study program on Indian art and culture.

The combination was delicious and in perfect keeping with the Indian program, inasmuch as the Indians raised corn and baked corn bread and undoubtedly used saffras tea.

If you want to try something different, I am sure the two hostesses will not object to using their formula for something really delicious.

It is more or less common knowledge that Benjamin Franklin, whose 250th birthday anniversary is being celebrated this year, was the inventor of bifocal glasses.

In this connection it is interesting to know that the first attempt to manufacture optical glass in the United States was in 1889.

However, it was not until 1915 that fine optical glass was made here in quantity.

Today the United States ranks at the top of the world in the manufacture of the finest optical and ophthalmic glass. Ophthalmic glass is the "seeing" glass and that used in American eyewear produces the best glasses available anywhere.

Easter Sunday May Be Rainy, Rather Chilly

(By The Associated Press)
Milady might well consider adding an umbrella and mittens to her gala Easter outfit.
The weatherman is predicting rain and colder-than-normal temperatures for Sunday.
In his extended five-day forecast, the weatherman predicts:
Temperatures will average 5-10 degrees below normal. Normal high, 52-57; normal low 32-37. Warmer Saturday and Sunday. Cool Monday through Wednesday. Rain likely Sunday and Monday totalling one half to one inch.
Meanwhile, more blustery weather appeared in prospect for the storm-weary sections of the north-eastern part of the nation today.
Fresh falls of snow in southern New England ranged from 1 to 5 inches. Snow on the ground at Worcester, Mass., measured 18 inches, including 5 inches in the last 24 hours. Five inches of snow also was reported in Hartford.
A wet belt of rain or snow extended from the eastern Northern Plains eastward across the Great Lakes region, upper Ohio Valley, the middle and northern Atlantic states and the coastal areas of the Southern Atlantic states.
Heaviest precipitation was along the southern New England coast. Rain or snow continued during the early morning along the Atlantic Coast and into central Pennsylvania and northern New York.

Go-Home Plea In Iceland Said 'Politics'

REYKJAVIK, Iceland (AP)—The Iceland Parliament's call for withdrawal of U.S. troops is not expected to get beyond the talking stage unless the Communists gain enough strength in parliamentary elections June 24 to back demands for further action.
Parliament approved a resolution over Conservative opposition Tuesday calling for departure of U.S. troops stationed here as an NATO force since 1951.
The demand, which would leave this strategic North Atlantic outpost undefended, aroused open concern in Washington and gleeful support in Moscow.
But informed sources here said it was all part of a political maneuver designed to cut the ground from under the Reds.
They said the Farmers' party and others joined the Communists in supporting the resolution in order to steal thunder from the left. The Reds reportedly hope to gain strength in the parliamentary elections with demands that foreign troops get out of Iceland.
The idea appeared to be that if the Reds did not score major gains in the election, the go-home demand would be allowed to die.
Political circles here contended the resolution did not stem from strained relations between Icelanders and U.S. servicemen. They said harmony prevails despite Moscow radio claims that the American military aroused Iceland's ire by interfering in the island's internal affairs.

Service Station Debris Cleaned Up

SERVICE STATION leased by Socony Mobile Oil Co. at the east end of Court Street is now being torn down after a losing battle for remodeling with the Zoning Board of Appeals.

The brick portion of the service station in front of the Fayette County Historical Society's museum property, at the junction of East Court Street and Columbus and Washington Avenues is now being torn down and the debris hauled away. The work was started Thursday and was being completed Friday.

Only a pile of brick was left of the original structure when a Record-Herald staff photographer made a photographic record of the scene.

The brick in the foreground is where the service station stood, and the frame building back of the pile of brick was used for repairing cars and for storage.

Back of the frame structure the Museum building looms up.
Whether part of the frame structure is on Historical Society Property is now being checked.

Removal of the remainder of the brick structure followed an attempt to remodel the service station without a permit. The work was halted when a permit was refused on the grounds that any material changes would violate the zoning ordinance.

The matter was carried to the zoning Board of Appeals, which held that the zoning ordinance prohibited the changes planned at the station.

The property is owned by O. E. Powell but is under lease to The Socony Mobil Oil Co. It is understood the lease still has upward of a two years to run.

Masons Plan Easter Program

Breakfast Follows Sunrise Service

Masons here today were getting ready for their traditional Easter breakfast Sunday after they attend the sunrise services at the First Presbyterian Church Easter morning.

Members of the Masonic order are to assemble at the Temple on South Main Street by 6:45 A. M. Sunday and go from there to the First Presbyterian Church, about two and a half blocks away, for the sunrise service at 7 o'clock.

Rev. John K. Abernethy, a former pastor, is to come back here from his present home in Indianapolis to deliver the Easter message. Rev. Abernethy went from here to a pastorate in Cochocton and about two years ago was given a new assignment with headquarters in Indianapolis.

Rev. Harold J. Braden, who has resigned his pastorate here to accept one at Estes Park, Colo., will not leave here until the second or third week in April.

FOLLOWING the service at the church, the Masons are to return to the Temple for a traditional Easter breakfast of ham and eggs. Also on the breakfast menu, admittedly a bit on the elaborate side, will be fruit juice and hot biscuits with jam or jelly, coffee, etc.

The breakfast is to be prepared and served by the men themselves; this is the time when they will not call on the Eastern Star for help in the kitchen and dining room. They will even take care of the clean-up and dish-washing afterward.

Jury Clears Union Strikers In Rioting

MEDIA, Pa. (AP)—Nine members of a union striking the Westinghouse Electric Corp. plant in Lester were found innocent last night of riot charges stemming from a picket line incident last December.

The finding by a Delaware County court jury paved the way for a resumption of negotiations to end the last strike in the vast Westinghouse system.

Among the nine freed by Judge John V. Diggins after the jury returned its verdict were six members of the negotiating committee for Local 107 of the United Electrical Workers (Ind.).

Although eight other UE locals last week had agreed to a five year pact with the company, the Lester unit refused to return to work pending settlement of issues pertaining only to that plant.

And it said it could not negotiate on those issues unless its full committee was available. In anticipation of the trial's end, the union yesterday offered to meet next Monday with Westinghouse to iron out the remaining dispute. Westinghouse indicated it would accept.

The nine went on trial Monday on riot charges. They were accused of attacking a truck driver who tried to enter the Lester plant Dec. 8. The jury deliberated six hours.

Ex-Convict Finds Freedom Trying

DETROIT (AP)—Freed from the Ohio Penitentiary eight days ago, Charles Henry Tucker, 52, found that times have changed since he first went to prison in 1937.

He used to make a living by bouncing bad checks for \$5 or \$10. He cashed one here for \$10, bought a hat and a sandwich and had only 68 cents left. He cashed another and ate a hearty meal.

Then he called police and said, "I'm sick and tired of being out in the world. It costs too much money to live and eat. Come and get me." They did.

President Eisenhower appeared equally certain to get full support of the state's 32 Republican National convention delegates, although a splinter-group candidate filed against him in Indiana's new presidential primary May 8.

The deadline last midnight for entering passed with no Democrat filing against Kefauver, whose Indiana backers put his name on the ballot yesterday morning. Adlai Stevenson's campaign headquarters already had announced he would not enter.

Indiana's national convention

delegates are bound to support the winner of the presidential primary on the first convention ballot but are free to switch from then on.

Filing in the Republican primary against Eisenhower was Lar (America First) Daly, 44-year-old Chicago furniture manufacturer who went to the secretary of state's office with his entry wearing an Uncle Sam costume in which he campaigns.

Daly was not expected to cut very heavily into the Eisenhower vote despite his announced plans to campaign throughout the state. Daly, who calls Gen. Douglas MacArthur the "greatest living American," said a vote for him "means that an American citizen in Indiana is telling President Eisenhower that he wants America's interests to come first in politics, especially foreign affairs."

The population of the Republic of Ireland has been virtually unchanged since 1926.

Masons Plan Easter Program

Breakfast Follows Sunrise Service

Masons here today were getting ready for their traditional Easter breakfast Sunday after they attend the sunrise services at the First Presbyterian Church Easter morning.

Members of the Masonic order are to assemble at the Temple on South Main Street by 6:45 A. M. Sunday and go from there to the First Presbyterian Church, about two and a half blocks away, for the sunrise service at 7 o'clock.

Rev. John K. Abernethy, a former pastor, is to come back here from his present home in Indianapolis to deliver the Easter message. Rev. Abernethy went from here to a pastorate in Cochocton and about two years ago was given a new assignment with headquarters in Indianapolis.

Rev. Harold J. Braden, who has resigned his pastorate here to accept one at Estes Park, Colo., will not leave here until the second or third week in April.

FOLLOWING the service at the church, the Masons are to return to the Temple for a traditional Easter breakfast of ham and eggs. Also on the breakfast menu, admittedly a bit on the elaborate side, will be fruit juice and hot biscuits with jam or jelly, coffee, etc.

The breakfast is to be prepared and served by the men themselves; this is the time when they will not call on the Eastern Star for help in the kitchen and dining room. They will even take care of the clean-up and dish-washing afterward.

In charge of the breakfast are the stewards, R. A. Seymour and Donald Moore. However, they have been authorized to call for (and get) plenty of experienced volunteers to handle the situation. A gathering of around 150 Masons is expected.

Cincy Woman, 61, Accused Of Fraud In 'Hearts' Deal

CINCINNATI (P)—Mrs. Georgetta Blanton, 61, will have a preliminary hearing April 12 on a charge that she used the mails to defraud men in virtually every ste of the union in an alleged "lonely hearts" scheme.

"I didn't do anything to anybody," she declared when the charge was read to her following her arrest here Thursday.

Described as weighing nearly 300 pounds and the mother of five children, Mrs. Blanton is accused of soliciting money from men by sending them a picture taken 20 years ago as a "come-on."

George Heitzler, assistant U. S. Attorney, said Charles Dent, Clinton, Iowa, was one of many to whom Mrs. Blanton wrote.

He said she joined "Lonely Hearts" clubs and asked her correspondents to finance trips to visit them. But she did not leave town.

The fourth grade pupils of Miss Marian Christopher at Central School gained some geographical knowledge in addition to that contained in their textbook, when they held a "Foreign Fair" recently.

The children were encouraged to search at home for articles which had come from other countries, and it was amazing to see the large and varied display which they were able to assemble.

To make the learning experience more meaningful, each child located on the map the country from which his contribution had come. The fifth and sixth grades were invited to see the interesting exhibit.

Following is a list of the articles on display, and the names of the children who brought them: A war club from Guadalcanal, a jewel box, Tiki figure, and letter opener from New Zealand, Nancy Moore; a belt from Germany, Sonny Shipley; a purse from Japan, Mary Lou Stevens a fireplace; brush from Scotland, Danny Fitzpatrick; a fur hat with Nazi emblem, and a bank, from Germany, a ring from Mexico, and a spoon from England, Ginger Mann; a handkerchief from England, Kay Jones; embroidered silk housecoat, pajamas, and slippers from Japan, Ernie Eckle.

A handmade doll from Germany, Melinda Korn; a spoon, fork, and cane from the Solomon Islands, slippers from the Philippines, a shell from the Mariana Islands, a necklace, cube of sugar, and a stone from Venice, Judy Nell; a Nazi flag, Joyce McCoy; small silver shoes, embroidered pillow cover, and cigarette lighter from Japan, Paula Turner; a doll from Scotland, money bag, mirror, brush, clothes brush, and bowl from Sweden, cup and saucer from Japan, and Coronation souvenir cups from England, Jacqueline Rundblad.

Wooden shoes from Holland, Ronnie Gault; wooden shoes and bracelet from France, necklace from Alaska, a maraca from Mexico, and castanets from Cuba, Toni Ward; toy soldiers from England and Holland, Larry McKillip; salt and pepper shakers from Japan, Jeanne Ellis; a set of knives and a purse from Mexico, Penny Light.

Coins and paper money from several European and Asiatic countries were brought by Nancy Moore, Sonny Shipley, Mary Lou Stevens, Ginger Mann, Jack Campbell, and Jeannie Ellis.

Walter Flack, the son of Mr. and Mrs. Oscar Flack of New Holland, was one of the 42 junior and senior students taking chemical engineering at Ohio State University who spent last week on an inspection tour of 11 industrial plants in Ohio, Pennsylvania and New York.

His grandmother is Mrs. Joseph Wood, 528 Gregg Street, in Washington C. H. and an aunt, Mrs. Harold Sheridan, lives on Clinton Avenue.

Flack is a junior and lives at the house of the Theta Tau professional engineering fraternity, 1946 Indianola Avenue, in Columbus while attending OSU classes.

flatter the smug and complacent. Who then makes dictatorships? Whoever would rather have a dollar's worth of business than stand for morality in government; whoever knowingly acts wrongly in order to gain position or so-called honor; whoever refuses to speak out against wrongdoing.

Are dictatorships ever secure? No.

Every dictator eventually goes too far and the citizens rebel.

The very stooges who support the dictator willingly cut his throat when decent people begin to fight. They deny their support of the dictator when they are out of his sight.

Present Soviet Anti-Stalin Line Is Puzzling

A puzzling thing to most Americans in the disturbing international picture at this time is the unexpected shift of Russian Communistic leaders away from the many years of glorifying Stalin.

Men in the Kremlin are now calling Stalin a psychopathic murderer and are revealing him as a most undesirable character, after playing along under his dictatorship for years.

In the Soviet Republic of Georgia, where Stalin was born, Red army units have been in the streets "quieting" demonstrators who are upset by the way Khrushchev speaks of the man who supposedly developed the Marxist-Leninist line.

No one outside the Kremlin knows how extensive the pro-Stalin rioting is in Georgia and elsewhere in the Soviet Union.

The State Department reports that severe restrictions have been placed on all travel in and out of the Caucasus area. Foreign observers note that there has been a softening of the remarkable

Khrushchev line in some regions, apparently to mollify angry "Stalinists." Even so, the process of vaporizing the Stalin myth goes on throughout Russia and its satellites; Red leaders are vying with each other to see who can expose the darkest of Stalin's treacherous acts.

Ordinarily news of disorders behind the Iron Curtain is welcomed by Westerners. The fact that the Kremlin must at all times rely on secret police and armed troops to keep civil peace and to enforce its orders is a reminder that the Communist system is not operated by and for the people of the USSR, that eventually its strength must give way to the greater strength of the people themselves.

In this particular case, however, it ought to be kept in mind that the Georgia riots are not against the system or the party; they are for the defense of Stalin. There is little encouragement in the story that Georgians are willing to face bayonets to save his standing.

Is Campaign Train Gone?

NEW YORK (AP)—I am beginning to fear for one of the fine old fixtures of the American political scene, the candidate's campaign train.

Like the brass band and the torch light parade, it may be on the way out.

The airplane and television have been muscling into the picture on a bigger scale every presidential year. You can reach a lot of voters in a very little time with them. They are slick and modern.

But for the reporter, covering a presidential campaign, the train has special advantages.

It gets you to the whistle-stops and the earnest little towns, lets you listen to people talking, and gives you the "feel" of the debate, as nothing else can do. You practically live in the "work car" on the train.

This is a newsroom on wheels. The seats have been taken out, and long shelves for typewriters line both sides of the car. A public address system connects with the rear-car platform where

the candidate does the talking. The train may stop 8 or 10 times a day. In 1952, both Gen. Eisenhower and Adlai Stevenson were indefatigable campaigners who made a lot of stops, and then did a major speech at night. You don't have much time, only a few minutes at each stop. Sometimes you know what the candidate is going to say. Sometimes, he catches you flat-footed.

One dark night in 1952, somewhere north of Seattle, Eisenhower unexpectedly broke out a brand new line of attack. It came toward the end of a back-platform talk in a small town. Typewriters began to smoke in the press car. The train started to move. We ripped the copy from the machines yelled "Western Union," and to our horror, saw the agent roll all the stories into a single ball of paper, and hurl them out into darkness. "Don't worry," he said, soothingly. "My guy will find that copy, and your offices will get it."

By Relman Morin
(Substituting for Hal Boyle)

And by golly, they did. Well, many scenes stand out. . . . Adlai Stevenson's tact and graceful behavior in a fearful storm in Springfield, Mass. . . . The 90-mile-an-hour automobile ride down the Jersey Turnpike. . . . Going into little airports in the Far West where a four-engine plane had never gone before. . . . The dawn departures and the "laundry stops" where they lost your laundry. . . . The photographers' compartment on the train, labeled the "Revlon Club." (read it backwards.)

And of course, Jackson, Mich. A small boy crowding close around the press section, tapped me on the shoulder as I typed. "Are you Relman Morin," he asked.

I preened and puffed. Recognition, at last. "Why, yes," I said, modestly. "How did you know?" "I can read," he said scornfully, pointing to my name on the typewriter cover.

Lives That Can't Be Restored

The patient is dead. In the autopsy they found a sponge inside him. The fault was not the surgeon's; it was blamed on the nurse who did not count the sponges carefully. Now that we know why the patient died and who is responsible, will that bring him back to life?

Khrushchev's apology for 20,000,000 or some such figure who were starved to death in his native Ukraine does not help those who starved to death. They are dead and while they were being exterminated there is no record of Khrushchev or Malenkov having said one word of protest. In fact, Khrushchev was the hatchet man. True, had they protested, they might have been killed but history tells of many noble figures who stood before the cannons of tyranny and shouted, "Give me liberty or give me death."

If Khrushchev wanted to be convincing that this is a changed world and that better days have come, why does he not free the millions of so-called political prisoners, many of them of the middle and intellectual classes of the satellite countries who have been taken from their homes and families, deprived of their careers, buried in vast prison camps where they are engaged in slave labor? True, most of them were picked up by order of Beria, who acted for Stalin, whose object was to destroy any kind of independent leadership among the satellites. Many—in fact, most—of these prisoners were not charged, were never tried. They were simply picked up and moved to change the population pattern of an area.

Beria is dead. Anyone can kick his name around. It has no meaning. Khrushchev and his colleagues on the presidium are alive. They have tremendous powers. They can release these poor souls from camps that are as wicked, if not worse, than any that Hitler's crew of madmen conceived. As long as these innocent men and women remain in these camps, Khrushchev's tears (four times he wept during his speech) make no impression. He can free those whose only crime has been that they were born in good families. And if the plan is to impress the British with Khrushchev's virtues, it can only be hoped that there will be those in Britain who will ask about these prisoners.

Let us not be confused by all this change of heart. Malenkov

Ohio Boys' Trek Halted By Police

TITUSVILLE, Pa. (AP)—Two 14-year-old Wellington, Ohio, boys, who told police they were seeking "adventure" and planned a trip to Niagara Falls, were arrested when they were found sleeping in an auto reported stolen from near-by Union City, Pa.

Officers said Morgan Settemire and William H. Tudor left home Monday, when they allegedly stole a car in Wellington. Police said the boys took another car from outside a motel near Cleveland and drove it to Union City where they ran out of gas.

Officers said the youths would be turned over to their parents.

Diet and Health

By HERMAN N. BUNDESEN

There's a lot more to reducing than merely going on a diet. Consuming fewer calories, of course, is only one way to take off weight and keep it off. In most cases of obesity, however, there are psychiatric factors involved.

You've got to understand why you over eat. And that's where you need the help of a doctor.

Emotional Problem

Generally, there's an emotional problem behind every case of obesity. To cope with these problems, the victim turns to food.

While any one of a countless number of factors might be involved, usually many cases of overeating can be traced to emotional deprivations, anxiety or even repressed anger.

You may get a great emotional uplift from eating, especially such tasty items as ice cream, pastries and candies. If you fit in this category, you may well be a confirmed food addict by this time.

Strong Drive

Actually, all of us have a strong instinctive drive to eat. As a matter of fact, it is one of our strongest emotional desires. An emotional disturbance simply gives some of us an excuse for giving the green light to this natural drive.

Subconsciously, an overweight person might feel a sense of security simply because of his size. Or perhaps his excess poundage gives him a reason for not maturing emotionally. Or there may be a variety of other reasons why he does nothing about reducing.

Unfortunately, too few of you heavyweights bother to consult your physician for help in shedding weight. Other emotional disorders such as persistent headaches, vomiting and the like probably would send you scurrying to a doctor's office. At least I hope they would.

General Suggestions

If you've got a weight problem, let your doctor help you. Meanwhile, here are a few general suggestions to follow.

Remember, prevention is better than treatment. Use your bathroom scale to check your weight every week or at least every month. And keep a written record.

Cut down on your total food. Eat a well-regulated balanced diet. Eat three meals a day. Make sure you have a good breakfast.

Eat slowly. This permits your blood sugar to rise and satisfy your appetite before it's time for a second helping.

Take your choice between cocktails and the right kind of desserts. Don't take both.

Child Bride Testifies In Juvenile Case

BUCYRUS, Ohio (AP)—An 11-year-old child bride took the witness stand in Juvenile Court late Wednesday afternoon and told of the events which preceded her marriage.

The girl, Karlene Thorn, testified in the trial of her foster parents, Mr. and Mrs. Carl Gans of Galion, who are charged with "acting in a way tending to cause delinquency in a minor."

Stanley Thorn, 19, of Galion has

a divorce suit pending against his child wife.

Karlene testified that Mr. and Mrs. Gans had agreed to take her and Thorn to Morgantown, W. Va., to investigate their chances for marriage. But Karlene said her foster parents did not induce her to marry Thorn.

Karlene and Thorn, accompanied by Mr. and Mrs. Gans, went to Morgantown last Oct. 24. Karlene testified that she gave her age as 17.

Last month authorities filed charges against Mr. and Mrs. Gans. Karlene was placed in custody of juvenile officials.

Present Soviet Anti-Stalin Line Is Puzzling

A puzzling thing to most Americans in the disturbing international picture at this time is the unexpected shift of Russian Communist leaders away from the many years of glorifying Stalin.

Men in the Kremlin are now calling Stalin a psychopathic murderer and are revealing him as a most undesirable character, after playing along under his dictatorship for years.

In the Soviet Republic of Georgia, where Stalin was born, Red army units have been in the streets "quieting" demonstrators who are upset by the way Khrushchev speaks of the man who supposedly developed the Marxist - Leninist line.

No one outside the Kremlin knows how extensive the pro-Stalin rioting is in Georgia and elsewhere in the Soviet Union.

The State Department reports that severe restrictions have been placed on all travel in and out of the Caucasus area. Foreign observers note that there has been a softening of the remarkable

Khrushchev line in some regions, apparently to mollify angry "Stalinists." Even so, the process of vaporizing the Stalin myth goes on throughout Russia and its satellites; Red leaders are vying with each other to see who can expose the darkest of Stalin's treacherous acts.

Let's All Go To Church — Easter Sunday!

A Crown of Thorns

"They Crowned Him With Thorns"... what do we crown Him with? Long ago the crowd cried, "Crucify Him." Today, many would prefer to crucify The Son of God than to Confess Him. How is it with you? Do you scorn Him with proud rejection? Are you pressing the painful sharp points of the crown of thorns against His brow? Do you revolt against all His Kingdom stands for? Do you crucify Him anew each day and put Him to open shame?

Blessed to know that He accepted the crown of thorns. He was despised and rejected by men; yet He opened not His mouth. Will you TRUST your soul to Him, or will you THRUST your thorns in Him? Go to church this week. Trust Him, confess Him... help lift that crown of thorns; help carry that cross.

After 36 Years, Book Is Returned
DURHAM, N.C. (AP)—Duke University has regained a library book that was checked out 36 years ago.
Duke levies a nickel a day on overdue books, and this one could have cost the borrower \$650. The professor who brought it back got a thank you instead of a fine. He found it among his father's books.
The book, a biography of Napoleon, was checked out Oct. 8, 1919.
Duke officials say about 400-500 of their 1,200,000 volumes are lost, strayed or stolen each year.

Let's All Go To Church — Easter Sunday!

A Crown of Thorns

"They Crowned Him With Thorns"...what do we crown Him with? Long ago the crowd cried, "Crucify Him." Today, many would prefer to crucify The Son of God than to Confess Him. How is it with you? Do you scorn Him with proud rejection? Are you pressing the painful sharp points of the crown of thorns against His brow? Do you revolt against all His Kingdom stands for? Do you crucify Him anew each day and put Him to open shame?

Blessed to know that He accepted the crown of thorns. He was despised and rejected by men; yet He opened not His mouth. Will you TRUST your soul to Him, or will you THRUST your thorns in Him? Go to church this week. Trust Him, confess Him... help lift that crown of thorns; help carry that cross.

Ham and Turkey For Easter Menu

Special Prices
On Some Vegetables

(By The Associated Press)
The youngsters might favor jelly beans and chocolate bunnies for Easter fare, but food stores across the nation figure their mothers will be thinking of hams and turkeys.

These are the specials most often lined up for the Easter feast.

Leg of lamb, another traditional meat for the day, is less frequently on special sale although some stores are featuring it. In many sections, however, the price of lamb was several cents higher, reflecting a steady rise in wholesale price over the past month.

Whole ready-to-eat hams are being sold by one big food chain at 49 cents a pound. Canned hams were higher and turkeys in the same stores are 53 cents a pound. Cheaper cuts for the holiday would be veal and pork roasts. Some stores are also featuring rib roasts of beef, other beef cuts and chickens.

Good vegetable buys are cabbage, carrots, small and medium peppers and pascal celery. Beans, beets and iceberg lettuce are on the high side of a good buy.

Easter Observances At Rodgers Chapel

Rodgers Chapel AME Church will mark Easter with four special services, starting with a sunrise service at 5 A. M. Sunday.

At 10 A. M., Sunday School services will be held at the church under Mrs. Athaleen Gray, superintendent. The morning worship at 11 A. M. will feature special music, an Easter message by Rev. Charles D. Johnson and Communion.

The Sunday School program at 3 P. M. will close the series of special Easter Sunday services.

An additional service of which Rev. Johnson will take charge is the sunrise service scheduled at the First Baptist Church in Jeffersonville. The Jeffersonville service will be held at 6:30 A. M.

Easter Cantata Set At Good Hope Church

"Peter and the Resurrection" an Eastern Cantata, will be presented at the Good Hope Methodist Church Sunday evening at 7:30.

The cantata will be sung by the 24-voice Senior Youth Choir, under the direction of Mrs. Herbert Hoppes.

Rev. Ralph Yoss will act as narrator for the program, which depicts the crucifixion and the resurrection as seen by the Apostle Peter. A film strip of the event will be shown concurrent with it.

The cantata includes the music of many favorite Methodist hymns, Mrs. Hoppes said in announcing the event.

Symposiarch Convention Here Apr. 6-7 Planned at Meeting

Final plans for the national convention of the Order of Symposiarch in Washington C. H. April 6 and 7 were polished up at the regular monthly dinner meeting of the chapter here.

Colin C. Campbell, convention secretary, is handling most of the details with the help of nearly a dozen committees.

Belford F. Carpenter is president of the national organization and is lending a hand with the convention planning, especially those phases that have to do with the meeting of the executive board.

Judge Max G. Dice who took over the presidency of the chapter from the retiring president, Hugh B. Sollars, at this meeting, is to be the convention toastmaster.

One of the highlights will be the election of national officers at the Saturday afternoon session. They are to be installed following the Saturday night banquet, with William B. Junk, the installing officer.

The principal speaker of the after-dinner program Saturday night is to be Judge Robert Gorman of Cincinnati.

John Bath, the chapter secretary, said the reservations are beginning to come in now, but he added that it still was much too soon to make an accurate estimate of the convention. Carpenter noted, however, that in the light of past conventions, between 150 and 200 members of the order could be expected, most of them from chapters in half a dozen midwest states.

FOR THOSE who come in on Friday, there is to be a steak dinner at the Country Club that evening.

The convention sessions and the Saturday night banquet are to be held at the Country Club also.

Although the early part of Wednesday night's meeting was taken up with the convention planning, Harry Fox discussed the problems of heat as they relate to the average homeowner.

Although his talk was highly technical and scientific, he stripped it down to the level of the layman's understanding to such an extent that he was kept answering questions for half an hour.

Much of his talk and the questions afterward concerned insulation and the sealing of paint. He

stated emphatically that the peeling paint was not due either to insulation or inferior paint; rather, he said, it usually is due to moisture from some unexpected source and its condensation.

Fox was introduced by Willard Perrill as a native of Geneva, N. Y., and a graduate of Cornell University's College of Engineering.

He pointed out that Fox was a star on the Cornell baseball team and that he played professional baseball after his graduation while he was getting started with the Johns-Manville Co.

He is now in the roofing business with headquarters in Springfield.

Court Decrees That Bride Must Drive

When Ronald E. Robinson of Frankfort appeared before Municipal Judge Walter M. Shea in Chillicothe and was convicted on a reckless driving charge, Judge Shea told him:

"Your bride had better be able to drive" for I am revoking your license for 90 days and fining you \$40 and costs.

Robinson's attorney had asked the judge to take into consideration the fact that Robinson was to be married Saturday and leave on his honeymoon immediately.

Robinson was arrested March 28 for racing with a police cruiser at 70 to 90 miles an hour on North High Street at 3:30 A. M. Robinson had outdistanced the police and vanished in a fog, but police had his license number and he was arrested a few hours later.

Letters To Editor

Editor
Record-Herald
Dear Sir:

"The door has been closed, but it is not locked."

These were the words spoken by Robert Terhune, president of the Washington C. H. City School Board.

Are you interested in trying to make an effort in a spirit of co-operation, to get the door reopened?

Too long have we sat still through the years and let the future of our children become a political football.

Do you feel that the educational interest of your child can be best served by attending Washington High School?

Are you weary of the angry and often false incriminations that have been so prevalent this past year?

Would you be interested in making an attempt to work out a solution to this problem to benefit our children?

The very future of our children is at stake; and the voice of those parents concerned must be heard!

The Fayette County School Board meets at its regularly scheduled meeting Saturday, March 31, at 2 P. M. at the Court House in county school superintendent's office. Attend this meeting and exercise your God-given right to speak in the interest of your child.

(Signed) Steering Com.

Ham and Turkey For Easter Menu

Special Prices On Some Vegetables

(By The Associated Press)
The youngsters might favor jelly beans and chocolate bunnies for Easter fare, but food stores across the nation figure their mothers will be thinking of hams and turkeys.

These are the specials most often lined up for the Easter feast.

Leg of lamb, another traditional meat for the day, is less frequently on special sale although some stores are featuring it. In many sections, however, the price of lamb was several cents higher, reflecting a steady rise in wholesale price over the past month.

Whole ready-to-eat hams are being sold by one big food chain at 49 cents a pound. Canned hams were higher and turkeys in the same stores are 53 cents a pound. Cheaper cuts for the holiday would be veal and pork roasts. Some stores are also featuring rib roasts of beef, other beef cuts and chickens.

Good vegetable buys are cabbage, carrots, small and medium peppers and pascal celery. Beans, beets and iceberg lettuce are on the high side of a good buy.

Easter Observances At Rodgers Chapel

Rodgers Chapel AME Church will mark Easter with four special services, starting with a sunrise service at 5 A. M. Sunday.

At 10 A. M., Sunday School services will be held at the church under Mrs. Athaleen Gray, superintendent. The morning worship at 11 A. M. will feature special music, an Easter message by Rev. Charles D. Johnson and Communion.

The Sunday School program at 2 P. M. will close the series of special Easter Sunday services.

An additional service of which Rev. Johnson will take charge is the sunrise service scheduled at the First Baptist Church in Jeffersonville. The Jeffersonville service will be held at 6:30 A. M.

Easter Cantata Set At Good Hope Church

"Peter and the Resurrection" an Eastern Cantata, will be presented at the Good Hope Methodist Church Sunday evening at 7:30.

The cantata will be sung by the 24-voice Senior Youth Choir, under the direction of Mrs. Herbert Hoppe.

Rev. Ralph Yoss will act as narrator for the program, which depicts the crucifixion and the resurrection as seen by the Apostle Peter. A film strip of the event will be shown concurrent with it.

The cantata includes the music of many favorite Methodist hymns, Mrs. Hoppe said in announcing the event.

Symposiarch Convention Here Apr. 6-7 Planned at Meeting

Final plans for the national convention of the Order of Symposiarch in Washington C. H. April 6 and 7 were polished up at the regular monthly dinner meeting of the chapter here.

Colin C. Campbell, convention secretary, is handling most of the details with the help of nearly a dozen committees.

Belford F. Carpenter is president of the national organization and is lending a hand with the convention planning, especially those phases that have to do with the meeting of the executive board.

Judge Max G. Dice who took over the presidency of the chapter from the retiring president, Hugh B. Sollars, at this meeting, is to be the convention toastmaster.

One of the highlights will be the election of national officers at the Saturday afternoon session. They are to be installed following the Saturday night banquet, with William B. Junk, the installing officer.

The principal speaker of the after-dinner program Saturday night is to be Judge Robert Gorman of Cincinnati.

John Bath, the chapter secretary, said the reservations are beginning to come in now, but he added that it still was much too soon to make an accurate estimate of the convention. Carpenter noted, however, that in the light of past conventions, between 150 and 200 members of the order could be expected, most of them from chapters in half a dozen midwest states.

FOR THOSE who come in on Friday, there is to be a steak dinner at the Country Club that evening.

The convention sessions and the Saturday night banquet are to be held at the Country Club also.

Although the early part of Wednesday night's meeting was taken up with the convention planning, Harry Fox discussed the problems of heat as they relate to the average homeowner.

Although his talk was highly technical and scientific, he stripped it down to the level of the layman's understanding to such an extent that he was kept answering questions for half an hour.

Much of his talk and the questions afterward concerned insulation and the sealing of paint. He

Court Decrees That Bride Must Drive

When Ronald E. Robinson of Frankfort appeared before Municipal Judge Walter M. Shea in Chillicothe and was convicted on a reckless driving charge, Judge Shea told him:

"Your bride had better be able to drive" for I am revoking your license for 90 days and fining you \$40 and costs."

Robinson's attorney had asked the judge to take into consideration the fact that Robinson was to be married Saturday and leave on his honeymoon immediately.

Robinson was arrested March 28 for racing with a police cruiser at 70 to 90 miles an hour on North High Street at 3:30 A. M. Robinson had outdistanced the police and vanished in a fog, but police had his license number and he was arrested a few hours later.

Dear Sir:

"The door has been closed, but it is not locked."

These were the words spoken by Robert Terhune, president of the Washington C. H. City School Board.

Are you interested in trying to make an effort in a spirit of cooperation, to get the door reopened?

Too long have we sat still through the years and let the future of our children become a political football.

Do you feel that the educational interest of your child can be best served by attending Washington High School?

Are you weary of the angry and often false incriminations that have been so prevalent this past year?

Would you be interested in making an attempt to work out a solution to this problem to benefit our children?

The very future of our children is at stake; and the voice of those parents concerned must be heard! The Fayette County School Board meets at its regularly scheduled meeting Saturday, March 31, at 2 P. M. at the Court House in county school superintendent's office. Attend this meeting and exercise your God-given right to speak in the interest of your child.

Chicago Cubs Manager High On Hurlers, Low On Fielders

MESA, Ariz. (AP)—There is enthusiasm and optimism with Stanley Hack, highly regarded manager of the Chicago Cubs, when he discusses his pitching prospects, the infield and the catching department.

But Stan comes to an abrupt stop when queried about his outfield.

"Right now, if the National League season started play, I couldn't tell you who would be in the outfield. We're still studying the problem," he said with pleasing frankness.

"But once we get going, I honestly believe we will make it into the first division," Hack continued, noting that the Cubs missed fourth place by only four and one-half games last year.

There is no dearth of candidates

Training Camp News Briefs

ST. PETERSBURG, Fla. (AP)—Rip Repulski, St. Louis Cardinal outfielder, is taking a "few days' rest" with a feeble .189 batting average.

Manager Fred Hutchinson benched the Ripper Thursday in favor of rookie Jack Brandt, the International League's most valuable player last season. Brandt picked up an infield safety in four trips to the plate.

TUCSON, Ariz. (AP)—The Cleveland Indians schedule a practice session today, their first off-day in the exhibition schedule.

Manager Al Lopez said there would be no batting practice, however. He said he wanted to work on such fundamentals as run-downs, pickoffs and cutoffs.

The Tribe will break camp here Sunday and head back East.

BRADENTON, Fla. (AP)—Milwaukee Braves manager Charlie Grimm has picked his starting second baseman, Danny O'Connell.

"He's it," Grimm said here Thursday. "Dan is hitting much better this spring and he is adequate defensively."

O'Connell's selection means that Jack Dittmar, Braves regular second sacker in 1953, has been beaten out again. Dittmar doesn't hit as well as he fields.

MESA, Ariz. (AP)—First baseman Frank Kellert, who came to the Chicago Cubs from Brooklyn, thinks the Bruins could very well be the dark horse of the National League this season.

"There's more spirit on the Cubs this year than there was last spring with the Dodgers," Kellert says. "With the exception of shortstop Ernie Banks and second baseman Gene Baker, there is competition for every other position with the Cubs. This has produced keen spirit and also shows there is better depth on the club than last year."

TAMPA, Fla. (AP)—Trade talk has bobbed up again with the Chicago White Sox brass conferring with the Washington Senators and Detroit Tigers.

Manager Marty Marion met with Cal Griffith, Washington president. The Nats reportedly want a first baseman. The Sox may let go of Walt Dropo or Jim Marshall, preferably Dropo because Washington wants a right-handed hitter on first.

Vice president Chuck Comiskey talked with Buckey Harris, Tiger manager. Detroit, according to reports, needs a left fielder and may go for Cal Abrams or Ed White. The Sox might lose in Carl Peterson, reserve shortstop, for infielder Fred Hatfield to back up Sam Esposito at third.

LAKELAND, Fla. (AP)—The Detroit Tigers got nothing out of the

30 Million Walleyes Due In Ohio Lakes

COLUMBUS (AP)—Approximately 30 million young walleyes will be placed in Ohio's inland lakes in 1956, the Division of Wildlife of the State Department of Natural Resources said today.

Walleyes, which the division began stocking in 1949, have definitely established themselves and the division is now planning to experiment with the introduction of other large game fish.

Walleyes are showing up in increasing numbers on stringers in such lakes as Clear Fork, Mosquito, Pleasant Hill, Berlin, Portage, Milton and Norwalk.

The division said early experiments in stocking adult walleyes proved of little value, but walleye small fry apparently have more powers of adjustment than their elders.

The division said northern pike will be stocked in a two-acre farm pond in Van Wert County to determine if they can keep the blue gill numbers in check.

Three five-acre ponds on the Hebron fish farm will be open to public fishing about May 1.

Kansas City Athletics afield or at the trading table Thursday.

The Athletics blanked the Tigers 2-0 on four hits. And Parke Carroll, Kansas City business manager, turned down Detroit offer for outfielder Gus Zernial and either Spook Jacobs or Jim Finnigan, both journeyman second basemen.

Frenchman Hopes To Upset Costa

NEW YORK (AP)—Franco's Cherif Hamia hopes to benefit from stablemate Charley Humez's mistakes and upset 2-1 favored Carmelo (Chubby) Costa in a television 10-rounder between featherweight contenders here tonight.

The baby-faced, 25-year-old Parisian watched Humez, the European middleweight champion, take two rounds to warm up against Tiger Jones Friday night. The slow getaway cost the rallying Humez the split decision by one point.

"I will be out punching from the opening bell," vowed Hamia. "I realize here the first round counts as much as the last."

After 25 Years, Cage Pilot Quits

AKRON (AP)—The dean of Summit County high school coaches, Harlin Fry, announced his resignation yesterday to end a 25-year coaching career. He has been basketball coach at Norton high school for the last 19 years.

Fry said he would remain at the school as a teacher. He had been coach of all sports at the school until four years ago and also served as athletic director until two months ago when he turned the job over to Tony Prasher.

Littler Pacing Azalea Tourney

WILMINGTON, N. C. (AP)—The \$12,500 Azalea Open Golf Tournament, which headed into its second round today again has demonstrated how fiercely competitive

professional golf has become. while the Mercurys' goalie, Al Bennett, was out of the nets.

Gene Littler, the 25-year-old Palm Springs, Calif., professional, a former national amateur champion, mastered the Cape Fear Country Club course's 6,795 yards with a six-under-par 66 yesterday.

Littler shot near flawless golf to keep a stroke ahead of another former national amateur king, Arnold Palmer of Latrobe, Pa.; George Bayer, the power hitter from Cincinnati, and Stan Leonard of Lechute, Canada.

Mohawks Collect Another Ice Title

TOLEDO (AP)—The Cincinnati Mohawks scored twice in the final period last night to beat the Toledo-Marion Mercurys 2-0 and win the International Hockey League playoff championship four games to none.

Lou Marcon guided the puck from his own end of the rink through the Toledo defense for an unassisted goal at 5:13 of the final.

And at 19:01 John Smith drove in a pass from Roly Lenahan

ALUMINUM

Think of it . . . a roof that will last for years and years and remain attractive. A strong roof, yet light in weight. You can easily install it yourself. Good for siding, too. Come see this aluminum roofing . . . quick.

Step under an Alcoa Aluminum Roof on a hot day. You'll notice what tests have proved. It's cooler under an aluminum roof because aluminum reflects hot sunshine.

There is still another quality which aluminum gives you. It defies the weather, resists corrosion and practically eliminates upkeep. Once Alcoa roofing or siding is up you can forget it.

Have a look at your buildings and see if they don't need an Alcoa roof that will take care of itself . . . and better care of your stock. The next time you are in town—stop in and see our stocks of Alcoa roofing.

Cubs' Fathers Get Crowned

Milledgeville Boys Make Easter Hats

"I could write a sonnet about your Easter bonnet."

That's what the old song says, but the fathers of Milledgeville's Cub Scouts probably don't feel much like spouting poetry about the bonnets their sons made them for Easter.

All this month, the youngsters of Pack 303 have been concocting Easter bonnets. The trusting fathers assumed that the youngsters would model their creations themselves when the time came, but they found out the awful truth at Thursday night's pack meeting.

The long-suffering dads were called front and center and required to parade about wearing their sons' weird creations.

Just as a sample, one of the low-fashion helmets was festooned with four pounds of Easter eggs and assorted other holiday decorations.

Another, the winner of the contest for the wildest of the lot, was decorated with an Easter tree. That is something like a Christmas tree, but decorated with eggs instead of tinsel.

And to make the situation perfect, the Cubs arranged for movies to be taken of the whole performance.

Time, place and price of admission for the premiere of the movie have not yet been announced.

THE MEETING held at the Milledgeville School, featured the presentation of an award for the Cub Scouts' participation in Boy Scout Week activities. The boys set up a window display at the J. C. Penney Co.

Robert Popen, field scout executive for Fayette County, was on hand to present the award. In turn, the Cubs gave Popen a going-away present of a desk set. Popen will leave here April 1 to take over the Dayton Boy Scout Council.

Another award announced at the meeting was a blue ribbon which the pack won for its participation in the Scout - O-Rama in Columbus during Scout Week. Cubmaster Charles Hiser announced the award.

Hiser opened the meeting with thanks to Popen for his help in getting the pack started.

Bobby Russell led the pack in the pledge of allegiance.

The program included a series of riddles by Billy Creamer and readings by Vernon Klotz, J. P. Morgan, Bobby Russell, Randy Dice, Curtis Hiser, Roger Hodge and Jack Vaught, a new member of the pack from Tulsa, Okla. Jack is staying with his uncle, Cubmaster Hiser, until the end of the school year.

The boys gave their mothers pin cushions which, with the Easter bonnets, have been their projects for the last few weeks.

Mrs. Robert Creamer, the den mother, gave each Cub an Easter basket.

Refreshments were served by Mrs. Howard Russell, Mrs. Donald Hodge, Mrs. Fred Pitzer and Mrs. John Morgan.

Games closed the session.

SPOOTS HIS FRIEND
PORTSMOUTH — Arthur Hunter, 76-year-old and legless, shot his caretaker and friend, Arch Cockrell in both legs with a shotgun loaded with buckshot when Cockrell insisted on going uptown against Hunter's wishes. Cockrell's legs may be saved.

4-H Club Activities

LUCKY LEAF

Bob Belt today is the president of the Lucky Leaf Livestock Club. He was chosen during the election that was a highlight of the club's last meeting held at the home of the advisor, Jesse Schlichter.

Other boys and girls voted into office at that meeting were Jim Follar, vice president; Mary Kay Recob, secretary-treasurer; Larry Grimm, safety leader; Skeeter Rowland, health leader; Cindy Schlichter, recreation leader; and Eloise McGowan, news reporter.

After the voting, the youngsters discussed the two upcoming 4-H cattle tours scheduled here on April 7 and 18.

The next session will be held April 10 at Bailey's Restaurant near Mt. Sterling, where the advisor will treat the 11 members to dinner.

MAGIC MAKERS

The girls of the Magic Makers discussed the 4-H officers' and advisors' conference scheduled here April 9 in their last session, led by President Barbara Cahall.

Each of the members planned to find a way to earn 25 cents and pass on to other members the money-making scheme.

Nancy Dray read a safety report and Marty Woodyard served refreshments.

The youngsters participated in the Easter Lily Sale March 24, afterward visiting Sagar's Dairy.

ADD 4-H

The county's newest 4-H club got underway Thursday evening at the Chaffin School.

First business was the election of officers. The new president of the club is Ronnie Batson.

Other officers are Roy Boggs, vice president; Barry Warner, secretary-treasurer; Billy Yeoman, news reporter; Marvin Carr, recreation leader; and Carolyn Carr, health and safety leader.

At the next meeting, to be held at 8 P. M. April 12 in the Chaffin School, the members will vote on a name for the club. Refreshments at that meeting will be served by Barry Warner and Billy Yeoman.

Texas Gas Crewmen Shun Union Tieup

OWENSBORO, Ky. (AP) — By a vote of 152-100, operating and maintenance employees in the northern portion of Texas Gas Transmission Corp.'s pipeline system have rejected union representation for the second time.

Ballots were cast Thursday in Lebanon, Ohio, and elsewhere on whether to allow the International Chemical Workers Union to serve as bargaining agent for workers in Kentucky, Indiana and Ohio.

Easter Program Set For Sunday Evening

Although the regular morning worship service is to be held at 11 o'clock, the highlights of the Easter observance at the Second Baptist Church on Columbus Avenue will come early in the morning and late in the afternoon.

Following a custom of several years, members of the Second Baptist Church are planning to attend union sunrise services Easter morning at the AME (Methodist) Church on North Main Street at 5 o'clock.

This service, it was explained, is left pretty much up to the officials of the AME Church.

Rev. Samuel Stark, pastor of the Second Baptist Church, is to come here from his home in Cincinnati to deliver the Easter message at the morning service. He is expected to remain here for dinner and the program that is to be given in the evening by the young people of the Sunday School.

At the evening service that is scheduled to start at 6 o'clock, a three-part play, entitled "Dawn after Dark," is to be given by the members of Mrs. Wilbur Ryan's class; children of Mrs. Jessie Seabury's class are to give recitations and the program is to be brought to a close with a two-part play, entitled "Resurrection Light."

Final Tribute Paid William Jordan

Funeral services for William Jordan were conducted at 2 P. M. Thursday at the Gerstner Funeral Home by Rev. David Meyer, pastor of the South Side Church of Christ.

The minister offered prayer, read the Scripture and delivered the funeral sermon. He also read the two hymns, "Beyond the Sunset" and "In the Garden" and the poem "All Living Things Must Die," by Miss May Duffee.

The pallbearers, who also cared for the flowers, were Clarence Sanders, George Williams, Billy Dennis, B. C. Dennis, Roy Sword and George Hancher.

Interment was in the Washington C. H. Cemetery.

Cincy Union Aide Tapped By Ike

WASHINGTON (AP) — President Eisenhower has appointed Gordon M. Freeman of Cincinnati, labor union leader, to be a vice chairman of the President's Committee on the Employment of the Physically Handicapped.

Freeman, 61, is president of the Brotherhood of Electrical Engineers and a vice president of the building trades and metal trades department of the AFL-CIO. The committee post carries no salary.

There are 37 standard retail cuts of beef.

Liquor Panel Explains New Permit Plan

COLUMBUS, Ohio (AP) — Here is how hard liquor licenses will be allotted under temporary emergency regulations placed in effect Thursday by the state liquor board (quotes from board statement):

"The board's emergency 'freeze' regulation will allow issuance of new hard liquor permits under the same ratio of permits to population that existed on April 1, 1950. This ratio will be applied to the April 1, 1956, population.

"For instance, a city that had 20,000 population and six each D-3, D-3a, D-4 and D-5 licenses on the 1950 date, and today has 30,000 population, would be entitled to three additional permits of each type. In no case will permits be issued over the statutory quota."

"Not more than one D-3, D-3a, D-4 or D-5 permit shall be issued for each 2,500 population or part thereof in any city or village which came into existence subsequent to April 11 1950.

"Any political subdivision in which on Jan. 1, 1950, there was no permit of any of the above classes outstanding shall be entitled to one of each class of said permits for each 2,500 population or part thereof."

The regulations are good for 60

Delay Until Next Week Seen For Farm Bill Compromisers

WASHINGTON (AP) — Farm bill conferees headed toward an Easter recess today, postponing at least until late next week final agreement on their recommendations to the House and Senate.

Chairman Ellender (D-La) called another meeting of the five representatives and five senators who are compromising the major differences between bills passed by the two houses.

Prospects were that by nightfall however they would call a halt until sometime next week. Congress adjourned yesterday until April 9, and cannot act before then on any agreement reached by the conferees.

Among agreement reached yesterday was one that wheat farmers have a choice in 1957 between price supports at 90 per cent of parity and a Senate-approved "domestic parity" program. Parity is a price determined to be fair to farmers in relation to their costs.

THE "DOMESTIC" parity program would promise commercial wheat growers 100 per cent or full parity on that part of their crop used for domestic food. The remainder would be sold or supported at a lower level for export or livestock feed.

Ellender said the conferees struck from the bill a Senate provision that would have eliminated penalties for farmers who use all the wheat produced in their farms. As a result, he said, they could grow all the wheat they wished, without penalties, only if the domestic parity program goes into operation.

Under both the present and the proposed 90 per cent support plan, a farmer's wheat plantings are limited and he faces penalties if he grows more.

Along with a boost from 75 to 80 per cent in minimum milk and dairy price supports, the conference agreed to set manufactured milk supports at 3.25 for the next marketing year, an arbitrary increase of 10 cents a hundredweight over the 80 per cent figure.

Eliminated were two Senate provisions intended to give tenants and sharecroppers special protection in their part of any soil bank payments. These were added on the Senate floor but Ellender said Department of Agriculture lawyers reported they would be impossible to administer.

"IT IS DIFFERENCES
OF OPINION THAT
MAKE HORSE RACES"

(Author's name below)

In a horse race differences of opinion only mean the gain or loss of money, but where medicines are concerned your health, even your life is at stake.

It is the opinion, enforced by the laws of our state, that a pharmacist must gain the necessary knowledge at a college of pharmacy, and pass an examination to prove that knowledge before being permitted to compound prescriptions. Only a pharmacist has this complete training.

Therefore there can be no differences of opinion as to where the safest place is to obtain any medicine. Always get any medicine in a pharmacy from a pharmacist.
